EDUCATION

Islington College

Kathmandu, Nepal

Bachelor of Science (Hons) Computing, London Metropolitan University, Upper Second-Class Honours September 2019 - October 2022

WORK EXPERIENCE

Samar Hospital & Research Center Pvt. Ltd.

Janakpur Dham, Nepal

IT Officer

July 2023 – Present

- Implementing strong security measures, including firewalls, VPNs, and multi-factor authentication, to protect sensitive patient and hospital data by local and international data protection standards.
- Managing and optimizing hospital databases, including Electronic Health Records (EHR), to ensure data integrity, real-time accessibility, and regular automatic backups for disaster recovery.
- Maintain a real-time database of medical supplies, equipment, and pharmaceuticals to track availability and set up notifications for expiration dates, low stock, and restocking requirements.
- Optimizing workflows through automation and leveraging data analytics tools to create meaningful insights for hospital operations.
- Integrating and managing specialized hospital software and equipment into the IT infrastructure to ensure seamless compatibility and functionality.
- Generate reports on IT system performance, security incidents, and usage analytics.
- Providing technical support and training to hospital workers, resolving hardware, software, and systems issues to ensure operational efficiency.

INTERNSHIP

Level 9 Technology

Hattisar, Kathmandu, Nepal

Backend Developer – Django

January 2023 – April 2023

- Design and implement server-side logic using Django.
- Develop reusable and efficient code.
- Ensured data security with authentication, encryption, and authorization.
- Design and develop a database model using ORM.
- Ensure security and data integrity.
- Create and handle RESTful APIs to facilitate front-end and back-end communication.
- Manage the deserialization and serialization of data.
